

HIGHER & DEGREE APPRENTICESHIPS VACANCY LISTING

OCTOBER 2024

Welcome!

The Higher and Degree Vacancy Listing is produced twice a year (October and January) by Amazing Apprenticeships, on behalf of the Apprenticeship Support and Knowledge for Schools and Colleges programme (ASK), funded by the Department for Education and managed by the Careers & Enterprise Company.

This edition showcases thousands of vacancies from a wide range of employers throughout the country. The majority of vacancies are due to commence in 2025, however you will also see that some employers have a rolling-recruitment model, meaning that they may have suitable opportunities that are available to start sooner.

The range of vacancies

This edition features more than 2,600+ different apprenticeship opportunities, from Broadcast Engineer to Police Constable – there's something for everyone.

Resources to help you

You may find it useful to download the Amazing Apprenticeships step by step guide to applying for an apprenticeship.

Important information

As of the date of publication, all the listings featured were correct. It is at the employer's discretion if they decide to close earlier than the published closing date enclosed.

Frequently Asked Questions (FAQs)

What is a higher and degree apprenticeship?

Higher apprenticeships involve studying at level 4, 5, 6 and 7. They can be suitable for those looking to progress from level 3 qualifications, including advanced apprenticeships and T Levels. Degree apprenticeships are offered by universities and other higher education providers. They contain either a full degree or a degree-level qualification and go up to master's level (which is post-graduate).

Why aren't level 2 and level 3 opportunities included in this guide?

This listing is to promote higher and degree apprenticeship vacancies across England, therefore only levels 4 – 7 are included. You can find level 2 and 3 vacancies on **Find an apprenticeship** <https://www.gov.uk/apply-apprenticeship>

What does competitive mean?

Some employers cannot include their salary range for their vacancies and therefore use the word 'competitive'. Competitive salaries mean that the vacancy that is being offered is equal to or more than the industry average for similar positions in the same location. To look up salaries in particular fields, please visit the National Careers Service website where you can search job profiles. Within each profile, an indicative salary range is given as well as lots of other useful information about the types of tasks you might expect to undertake and progression opportunities: <https://nationalcareers.service.gov.uk/explore-careers>

Can I apply for an apprenticeship and also to full-time higher education at the same time?

Yes. You can apply for any of these apprenticeships and a full-time place at university at the same time.

What support is available?

The **National Careers Service** provide careers information, advice and guidance. They can help you to make decisions on learning, training and work at all stages in your career. This service is available to people who live in England. Please visit <https://nationalcareers.service.gov.uk> You can also telephone **0800 100 900** or participate in a **Web Chat** with an adviser through the website address listed above.
